TheraManager
Advanced IT Solutions for Behavioral Health

For over a decade, TheraManager has been a leader in the Behavioral Healthcare Software industry
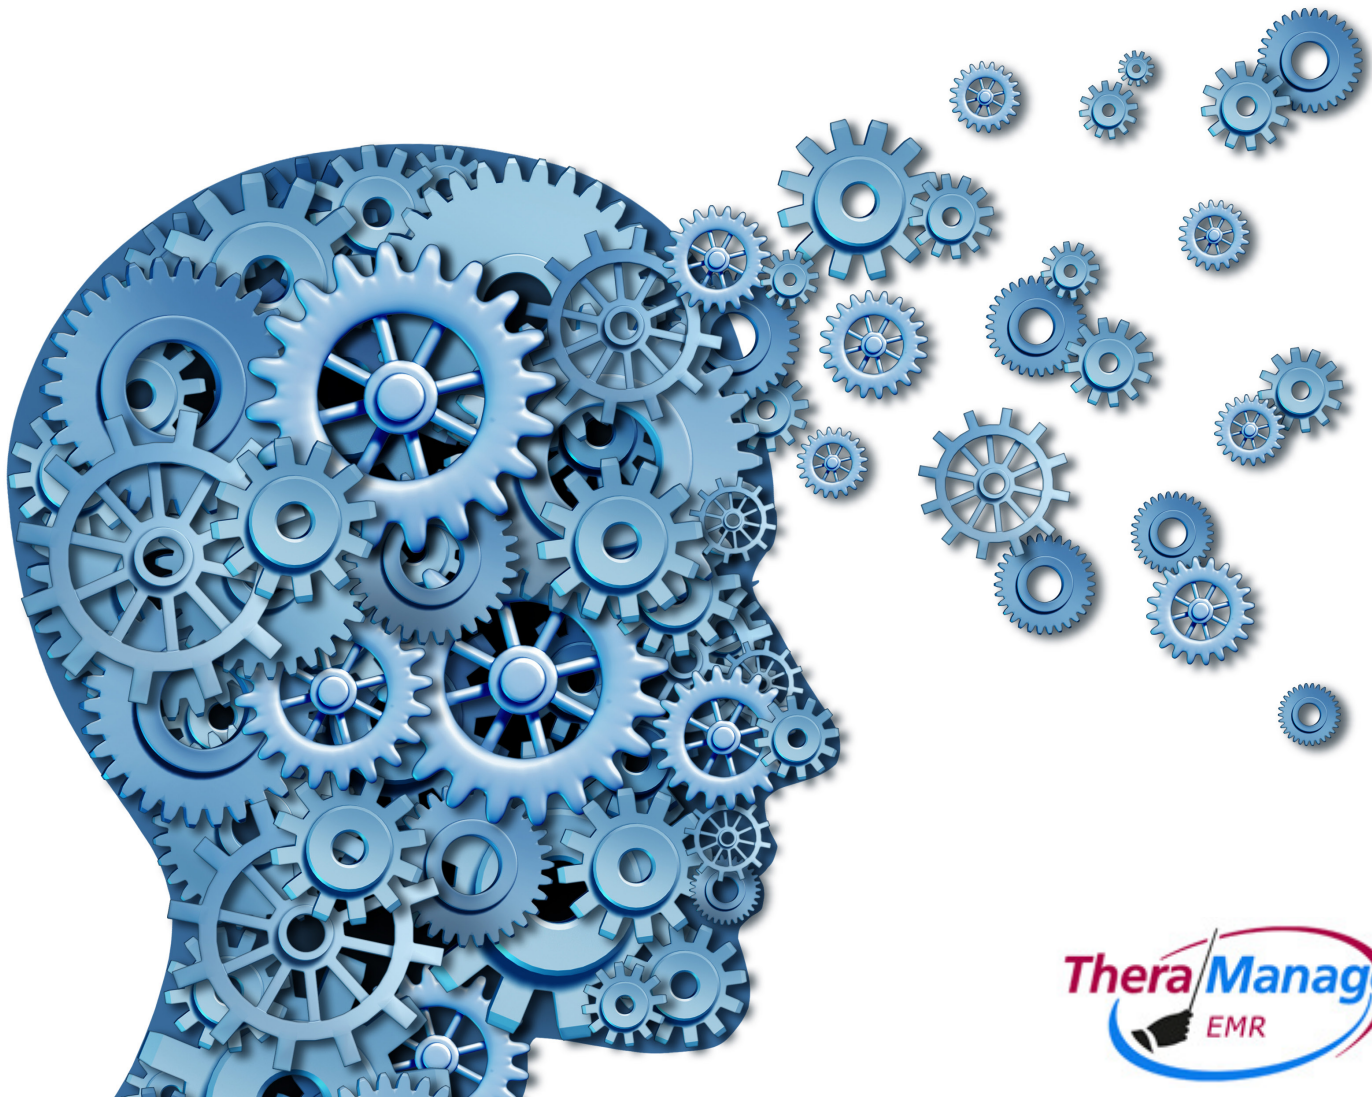

Trusted by thousands of professionals nationwide, we offer an array of innovative software solutions that cater to every size practice and specialty. Our customer base includes: Psychiatrists, Psychologists, Therapists, Counselors, and Social Workers. TheraManager addresses your entire workflow from patient registration to scheduling, electronic medical records, billing, and comprehensive reporting, including a system-wide audit trail. TheraManager provides a total solution for your Practice in both HIPAA-Compliant Cloud and traditional Client/Server versions, running on PC's, MAC's, Tablets, and SmartPhones.

OUR SOLUTIONS...

HIPAA Compliant Cloud Hosting

- Secure Data-Center and End-to-End Encryption to meet HIPAA standards

- 24/7/365 access from anywhere

- Automated database backups and product updates

- No need to procure or maintain your own server

- Easy troubleshooting

Electronic Medical Records (EMR)

Less Time on Note-Taking = More Time on Patient Care

- Your current paper charts turn seamlessly into electronic forms

- True integration with patient appointments + billing

- Shorten the time it takes you to create a note: Type, Talk, or Click

- Rx, eRx, Digital Signatures

TheraManager

Advanced IT Solutions for Behavioral Health

Outstanding Practice Management Software

"Buying TheraManager has been one of the best decisions we made when we opened our practice.

From scheduling clients, to electronic billing, to keeping track of payroll, it does everything we need, and has not missed a beat as we have grown from 2 providers to 12 providers with 2 locations."

— Behavioral HealthCare Practice Owner
   Fort Thomas, Kentucky

We remain humbly at your service and grateful to be a part of Improving Patient Care through Enabling Behavioral Health Providers with Advanced IT Solutions.
