

FOR IMMEDIATE RELEASE

ChartEvolve and TheraManager Enter Strategic Partnership

NEW HOPE, PA and SUMMIT, NJ May 21, 2005 -- The CIMS Group and TheraManager™ Software Inc. are announcing the integration of the Automatic Clinical Record features of ChartEvolve™ software and the All-In-One benefits of the TheraManager Practice Management Software.

The integration provides users with a complete solution which includes the Practice Management functions of scheduling, billing and accounting, EMR and Prescription writer combined with automatic medical record/note generation, all in a secure HIPAA-compliant system. As an integrated package, users will benefit from a single database of patient demographics, rapid patient recordkeeping, billing and scheduling. Users will be able to order ChartEvolve as a stand-alone solution for their environments or add it as an option to TheraManager's software platform.

Dr. Peter Gillman, President of The CIMS Group and Dr Michael Tompsett, President of TheraManager Software Inc. in a joint statement said "We share a common objective to provide an inexpensive, comprehensive, easy-to-use, state-of-the-art, smart system that eases administrative tasks, and allows focus on the patient and excellence in clinical care."

About The CIMS Group

The CIMS Group, Inc is a Quality Management company based in New Hope, PA which specializes in HIPAA & OIG compliance for medical and behavioral healthcare practitioners. Established in 1997, its products are specially designed to allow the medical and behavioral healthcare clinician to achieve spectacular productivity and documentation results.
